AeU-India e-Learning

Asia e University – India goes on e- Learning

Dear all concerned

Greetings from Asia e University

The year 2012 is going to bring very good news in terms of student admission, mode of delivery and sphere in marketing of AeU-India courses. On the advice of Asia e University, we are going to launch educational programmes as approved by Malaysian Qualifying Agency (MQA), the central body to approve courses for global recognition. On that basis, AeU-India will be launching from the Academic year admission in 2012 e-learning courses for all programmes of AeU. The essence of e-learning is to download the loaded study materials of AeU-India prepared in SIM pattern, from AeU-India website. All the Learning materials will be put in the website of AeU-India, the students will be given a TABLET to download the Learning materials from our site. Furthermore, periodical contact programmes on compulsory basis will be organized in the AeU Learning centres located in the all the states of India. There will be two contact programmes annually for three days duration in the Learning centres convenient to the students. Attendance is compulsory. Again, the students will be supported in their studies by AeU-India, through e-learning tools like pre-recorded CDs in different subjects and recorded speech of eminent CEO of

Campus Indian Operation: 1 – A, Vallabhai Road, Chokkikulam, Madurai – 625002, Tamil Nadu, India.

companies. AeU-India will be also organizing webinar programmes in subjects like Management.

Regarding Examination on e-learning mode, mostly it will be on offline mode (i.e.) in all the Learning centres of AeU-India. If the students opt for online Examination, it will be also arranged. Hence, the examination mode is both offline and online.

With reference to the admission mode, the names and addresses of the Learning centres will be given in the AeU-India website for the students to make choice for that. There is no boundary for the admission of students either internally or internationally. For the Learning centres this will provide a fantastic opportunity to market the e-learning programmes and enlist more students. Regarding the award of certification it is the responsibility of Asia e University, indeed a global certification. Learning centres! Students! Avail this opportunity. For details contact the AeU-India office.
